Optic-Ready 500® and 835® Turkey Shotguns Now Available with Holosun® Sight

NORTH HAVEN, CT – Now ready to take afield, Mossberg's line of optic-ready 500 and 835 Ulti-Mag® Turkey pump-action shotguns come in convenient combo packages, topped with an olive green Holosun HS407K micro dot sight. Three small bore versions of the 500 Turkey are available including a Super Bantam with adjustable length-of-pull along with a hard-hitting, 12-gauge 835 Ulti-Mag version with 3.5-inch chamber. All four models feature Mossy Oak® Greenleaf™ full camo coverage and compact 20-inch barrels.

At the core of Mossberg's pump-action shotguns are proven design features that include non-binding twin action bars; dual extractors; a positive steel-to-steel lock-up; anti-jam elevator; anodized aluminum receiver; and universally recognized, ambidextrous top-mounted safety. These field-ready turkey guns come standard with optic-cut receiver and mounted Holosun micro dot sight for improved eye alignment and faster target acquisition; extended choke tubes; fiber optic front sight; drilled and tapped receiver for added versatility; sling swivel studs; 5+1 shell capacity; and cover plate should the mounted optic be removed.

These hunt-ready combos feature a Holosun HS407K micro dot sight that is mounted directly into the patent-pending optic cut on the 500 and 835 receivers. This open reflex sight has a 6 MOA Dot reticle; 12 brightness levels; unlimited eye relief; convenient battery tray; Shake Awake feature; and up to 50,000 hours battery life. And to enhance concealment, the sight features an olive finish which blends with the gun's Greenleaf camo coverage.

Mossy Oak camouflage offers superior patterns that blend in naturally with the terrain, regardless of where you are hunting. Their Greenleaf pattern offers silhouette concealment with its blend of dirt, bark, moss, and oak sapling elements.
