### Mossberg® Adds Single Shot Sled for Illinois Deer Hunters

**NORTH HAVEN, CT** - O.F. Mossberg & Sons, Inc., releases the Mossberg Patriot™ Single Shot Sled for use with all short-action calibers in Mossberg's current lineup of Patriot bolt-action rifles. A new Illinois law went into effect on January 1, 2023, and this factory-authorized single shot accessory may give deer hunters in Illinois an additional option as to using their Mossberg Patriot rifle.

The sled is designed to limit the capacity of short-action Patriot rifles to a single shot when used in place of the standard box magazine. Compliant cartridges, pursuant to Illinois Public Act 102-0932, include the following straight-walled cartridges offered in the Patriot series: 350 Legend, 450 Bushmaster, and the recently introduced 400 Legend. Note: Laws and regulations are always subject to change, and you should confirm with your local law enforcement.

With Illinois ranking as one of the top whitetail hunting states, the use of the new Patriot Single Shot Sled provides hunters the option to take centerfire rifles afield when deer hunting. To purchase the single shot sled and other Mossberg accessories, please visit your local dealer today or order direct from factory at [www.mossberg.com](http://www.mossberg.com).
