Mossberg® Announces MC2® Free Holster Promotion

NORTH HAVEN, CT – Mossberg, America's oldest family-owned and operated firearms manufacturer, is pleased to announce their “**MC2 Free Holster**” promotion. This limited time offer is for qualifying purchases on any MC2sc® and MC2c® 9mm pistols made between 7/6/2022 and 12/31/2022. Consumers will receive a Black Arch™ Rev-Con™ holster, valued at \$54.95. Redemptions must be postmarked or submitted online direct to Mossberg by 1/31/2023.

Following the phenomenal success of the MC1sc®, the first semi-auto pistol in the company's history, Mossberg expanded their pistol line to include the MC2c (compact) and MC2sc (subcompact). With their double-stack magazines, these compact-profile pistols offer increased capacity but are comfortably sized for concealed carry. Constructed of glass-reinforced polymer, MC2 frames feature high tensile strength and stiffness combined with impact and chemical resistance. The slides are 416 stainless steel and feature a black DLC (Diamond-Like Coating). For positive manipulation, the slides have angled front and rear serrations and now integrated into the slide is a removable plate which allows for direct mounting of optics. And unlike competitive products, the user is not required to pull the trigger to disassemble the MC2 for routine cleaning or maintenance with Mossberg's innovative STS™ (Safe Takedown System)*. All models of the MC2sc and MC2c are available for this promotion.

Promotion Details: Offers are limited to stock on hand; no rain checks are available. Offer is only valid for MC2sc and MC2c pistols. Offer may not be combined with any other sale, promotion, discount, code, coupon and/or offer. Promotions have no cash value. Offer cannot be sold, transferred, or otherwise bartered. Some qualifying models may not be available in all jurisdictions. This promotion is subject to any and all applicable laws, including but not limited to federal, state, and local laws.
