Mossberg International™ Silver Reserve™ Turkey O/U Shotguns Added to Line-Up

North Haven, CT – Mossberg International is importing three Silver Reserve Eventide Turkey over-and-under shotguns in 12 gauge (3.5-inch), 20 gauge and 28 gauge with 3-inch chambers; all with compact 20-inch barrels and full camo-coverage with Mossy Oak® Greenleaf™. Known for delivering hard-hitting 12 gauge and soft-shooting small gauge pump-actions and autoloaders for the turkey-hunting market, these durable break-actions round out Mossberg's impressive line-up.

The Silver Reserve Turkey O/U shotguns have durable, camo synthetic stocks and forends; 14-inch length-of-pull; complementing camo metal finish; 20-inch vent rib barrel topped with a front fiber optic sight; and dual-locking lugs. Other standard features include shell extractors; two extended choke tubes; Mossberg® logo engraved on the receiver; and tang-mounted safety and barrel selector. Bores and chambers are chrome-lined for corrosion resistance.

Mossy Oak camouflage offers superior patterns that blend in naturally with the terrain, regardless of where you are hunting. Their Greenleaf pattern offers silhouette concealment with its blend of dirt, bark, moss, and oak sapling elements.

Mossberg International Silver Reserve Turkey O/U 12 Gauge (75485) – This 12-gauge break action can accommodate 3.5-inch shells, providing significant knockdown power. The 20-inch barrels are threaded (two extended choke tubes included) and are topped with a front fiber optic sight. The synthetic stock, forend, and metal surfaces wear full camo coverage. Shell extractors and tang-mounted safety and barrel selector complete this turkey slayer. MSRP: \$927

Mossberg International Silver Reserve Turkey O/U 20 Gauge (75486) and 28 Gauge (75487) – With today's advancements in shotshell technology and performance, turkey hunters can now enjoy shooting smaller gauge shotguns. With less recoil and lighter weight, these 20-gauge and 28-gauge O/Us feature 3-inch chambers; 20-inch barrel length equipped with extended choke tubes; front fiber optic sight; and full camo package for greater concealment. Shell extractors and tang-mounted safety and barrel selector are standard. MSRP: \$927

Versatile and durable, the family of Silver Reserve Eventide Field guns offers hunters more traditional offerings and now turkey hunters have three dedicated models to choose from. For more information on the complete line of Silver Reserve Field over-and-under shotguns, please visit www.mossberg.com.
