Mossberg® Adds New Mossy Oak® Bottomland® Turkey Shotgun Models

NORTH HAVEN, CT – O.F. Mossberg & Sons, Inc., a leading American firearms manufacturer, announced today the addition of Mossy Oak Bottomland camouflage to two turkey hunting shotgun models: the **500® Turkey Bottomland 410 bore** pump-action shotgun and **935™ Magnum Turkey Bottomland 12-gauge** autoloading shotgun.

Both shotgun models offer full concealment with Bottomland camo; the original pattern that launched Mossy Oak more than 30 years ago. Driven by the desire to get closer to turkeys in his home state of Mississippi, Mossy Oak Founder, Toxey Haas, turned a handful of bark, sticks and leaves into an extremely life-like hunting pattern. This classic pattern remains every bit as effective three decades later.

Mossberg 500 Turkey Bottomland 410 Bore (50109) – Like all Mossberg 500 shotguns, this pump-action is designed for reliable, smooth operation with the combination of non-binding twin action bars; dual extractors; a positive steel-to-steel lock-up; anti-jam elevator; anodized aluminum receiver for added durability; and universally-recognized, ambidextrous top-mounted safety. This 500 Turkey 410 bore comes with a 26-inch vent rib, fixed full-choke barrel; fiber-optic front sight; and is fully-camouflaged with Mossy Oak Bottomland. MSRP: \$500

Mossberg 935 Magnum Turkey Bottomland 12 Gauge (81046) – At the core of this smooth-cycling 12-gauge, 3.5-inch autoloading shotgun is Mossberg’s dual vent-gas system for reliable operation and recoil reduction. Additional standard features include Mossberg’s Stock Drop System that adjusts the vertical angle of the stock (drop at comb) for a custom-like fit; quick-empty magazine release button for convenient unloading of shells; drilled and tapped receiver; and top-mounted safety. This magnum autoloader features a 22-inch vent rib, overbored ACCU-MAG™-choked barrel and comes with an X-FACTOR™ Ported Ulti-Full Turkey choke tube; fiber-optic front sight; and is fully-camouflaged with Mossy Oak Bottomland. MSRP: \$756

Rugged, dependable and smooth-operating describes Mossberg’s series of Turkey shotguns. To see the newest members of the family and the complete line of hunting (waterfowl, turkey, deer and all-purpose field) and tactical/home defense models, please visit our web site at www.mossberg.com.
