Mossberg® Releases New Field Versions of Maverick® 88 Pump-Action Shotguns

NORTH HAVEN, CT – Recognized for their affordability and reliability, Mossberg is pleased to announce the addition of three Maverick 88 Field shotguns, featuring Mossy Oak® Treestand® camo, to this classic line of security and all-purpose pump-action shotguns. Both 12 and 20-gauge versions are available as well as a Youth version in 20 gauge. These workhorse pump-actions feature Treestand-covered stocks and forends with complementing blued metal finish.

Maverick 88 pump-action shotguns are designed for reliable, smooth operation with the combination of dual extractors; twin-action bars; positive steel-to-steel lock-up; anti-jam elevator; and cross-bolt safety, located at the front of the trigger guard. At the core of its no-frills and low-maintenance design is the straightforward manner in which the Maverick 88 can be field-stripped. Adding to their versatility, Maverick 88 shotguns are fully compatible and interchangeable with Mossberg 500® accessory stocks, barrels and choke tubes (with compatible gauge and capacity).

Mossy Oak Treestand is a multi-purpose camouflage pattern that helps conceal a hunter’s silhouette regardless of the terrain. With its detailed bark, bare limbs and neutral tones combined with the non-reflective metal finish of the Maverick 88, this two-tone field gun is ideal for a variety of small to mid-size game hunting.

Maverick 88 Field Treestand Camo - Available in 12 or 20 gauge with 28-inch and 26-inch barrel lengths respectively. The vent-rib barrels are topped with a front bead sight and equipped with an Accu-Choke Modified Choke tube. MSRP: \$259

Maverick 88 Youth Field Treestand Camo – This 20-gauge pump-action has a 20-inch vent rib barrel, featuring a front bead sight and Accu-Choke Modified choke tube. The Youth stock has a shorter length-of-pull (LOP), measuring 13-inch, which provides a more comfortable fit for smaller-statured hunters. MSRP: \$259

Hunters, young or old, now have options for a rugged, reliable and affordable field-ready gun in 12 and 20-gauge. For more information on the Maverick 88 Field Treestand pump-actions and the complete family of Maverick 88 shotguns, please visit www.mossberg.com.
